GST Invoice Furnishing Facility (IFF) and E-Way Bill Relaxations for MSMEs

Issuing Authority: Goods and Services Tax Network (GSTN), Ministry of Finance, Govt. of India

1. Invoice Furnishing Facility (IFF) for QRMP Taxpayers

Small taxpayers enrolled in the Quarterly Return Monthly Payment (QRMP) scheme can use the optional Invoice Furnishing Facility (IFF) to upload B2B invoices for the first two months of a quarter up to a cumulative value of Rs. 50 Lakhs per month. This allows their corporate MSME buyers to claim instant Input Tax Credit (ITC) without waiting for quarterly returns.

2. E-Way Bill Exemption for Micro Consignments

No E-Way Bill is required for intra-state and inter-state movement of goods where the consignment value is below Rs. 50,000 (Rs. 1,00,000 in specific states like Delhi, Maharashtra, and Tamil Nadu). Movement of non-motorized transport (handcarts, cycle-rickshaws) used by cottage MSMEs is completely exempt irrespective of consignment value.

3. Non-Blocking of E-Way Bill Generation for Small Units

To avoid halting manufacturing lines, the portal provides a grace window preventing immediate blocking of E-Way Bill generation upon a single delayed return. Small taxpayers receive automatic alert notifications prior to any restriction.

4. Simplified Return Rectification Rules

Taxpayers can rectify errors and omissions in outward supply reporting across financial years up to November 30th of the following fiscal year, shielding small enterprises from harsh penalty proceedings for inadvertent clerical mismatches.
