Telangana TS-iPASS Single Window Industrial Clearances and Statutory Rights

Issuing Authority: Industries & Commerce Department, Government of Telangana

1. The TS-iPASS Act Statutory Framework

The Telangana State Industrial Project Approval and Self-Certification System (TS-iPASS) Act, 2014, grants investors a statutory right to time-bound industrial clearances. A single Common Application Form (CAF) covers 29 departments (pollution control, power, factory license, municipal, labor, fire safety).

2. Deemed Approval and Strict Clearance Timelines

Clearances are categorized by timeline guarantees:

• Mega projects (investment > Rs. 200 Cr): Clearances within 15 days.

• MSME industrial units: Clearances guaranteed within 30 days.

If any department fails to communicate approval or rejection within the statutory timeline, deemed approval is legally granted automatically by the TS-iPASS Committee.

3. Penalty on Erring Bureaucratic Officers

The Act imposes a statutory penalty on designated nodal officers of Rs. 1,000 per day of unexplained delay beyond the prescribed timeline, ensuring accountability and eliminating administrative harassment for MSME founders.

4. Online Processing via ipass.telangana.gov.in

The portal provides end-to-end digital tracking, online fee payment, digital license downloads, and single-window inspection scheduling without physical department visits.
